THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Chichester in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Chichester on Tuesday, the 8th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of current year taxes.

4. To see if the Town will vote to raise and appropriate the sum of $320.00 for support of the Concord Hospital. (At request of the hospital)

5. To see if the Town will vote to raise and appropriate the sum not to exceed $1,000.00 for the purchase of an alarm alerting system for the Volunteer Fire Department. (At request of the Fire Department)

6. To see if the Town will vote to raise and appropriate the sum not to exceed $300.00 for the purpose of building two ramps to the Suncook River on the two Town-owned pieces of land at the Pineground. (At request of the Fire Department.)

7. To see if the Town will vote to raise and appropriate a sum for aid to the Center Barnstead Fire Department for the purchase of their new ambulance. (At request of Center Barnstead Fire Department)

8. To see if the Town will vote to raise and appropriate the sum of $300.00 for the Town Library. (At request of the Library Trustees.)

9. To see if the Town will authorize the Selectmen to permit Mrs. David Carter and Mrs. Brian Smith to conduct Kindergarten at the Town Hall from 9 to 12 three mornings a week for no more than 35 children, in keeping with condition of the Town. (At request of Mrs. Carter & Mrs. Smith — Petition.)

10. To see if the Town will establish a Town Conservation Commission as set forth in R.S.A. 35-A. (At request of the Chichester Planning Board.)

11. To see if the Town will vote to discontinue the short section of road from "Old Route 28" to Pleasant Street — directly in front of the home of Harry Elliott. (By Petition.)

12. To see if the Town will vote to accept the trust under the will of Arthur M. Leavitt.

13. To transact any business that may legally come before said meeting.

Polls will be open until 6:00 P.M.

All articles except No. 1 above will be taken up at 7:00 P.M.

Given under our hands and seal, this 7th day of February, in the year of our Lord nineteen hundred and sixty six.

REPORT OF CHICHESTER VOLUNTEER FIRE DEPARTMENT AND FOREST FIRE WARDEN

This year I would like to combine my report as Fire Chief and Forest Fire Warden.

During the year we answered only 8 calls of which 5 were out of town. We were very fortunate and did not have any building fires and no property loss. We did have 1 woods fire which did little damage as far as property loss goes, but it cost the town over $500.00 to extinguish.

We have been very fortunate over the last few years in the number of fires and I feel many people are more conscious of the destruction by fire and are becoming more fire prevention minded.

Some of the recent woods fires, including the big one we had, are of incendiary nature and are therefore beyond our control to prevent. However, I would like to call your attention to the fact that throughout the state more fires are being set by children playing with matches.

During the last year the firemen have built an addition to the fire house so that we may be able to keep all of the trucks and equipment together. This addition has been built at a cost of $1,112.00 all of which has come from the firemen's own fund at no cost to the town. I would like to say here that this addition would not be accomplished if it were not for the persistence and many long hours put into the project by Past Chief Charles Call. Few people realize the hours and the effort put in by him, and to him goes my deep appreciation for what he has done for the Chichester Fire Department.

Our next project will be to purchase a newer truck and rebuild our tanker over to a later model. I also hope we may be able to add a radio alerting system within our department so that we can more readily reach the firemen in case of fires or other emergencies.

WALTER L. SANBORN
Fire Chief and Forest Fire Warden

LIBRARIAN'S REPORT — 1965

The library continues to grow in usefulness. 614 more books were taken out this year than in 1964. The following figures may interest you. Books taken out by or for children and youth — 3329; fiction taken out by adults — 1690; non-fiction and magazines taken out by adults — 668. The grand total was 5687 of which 1913 were credited to Monday evenings when the library was staffed by Friends of the Library aides.

Contrary to the old adage that many cooks spoil the broth, the library is better because of its many devoted helpers—the State Library with its personnel and books, our Selectmen, the library Trustees, the library aides, the Friends of the Library under the chairmanship of Mrs. Robert Myers, the Reverend and Mrs. H. Franklin Parker, the 4H girls who made the charming creche at Christmas time, the staff of the Chichester school, the givers of good books, those who make constructive criticism and suggestions, the cookie bakers, the librarian and her alter ego, Mrs. James C. Bates, Sr. Another adage is also appropriate here — "the proof of the pudding is in the eating" — and we wish more townspeople would taste our pudding and find out how good it is!

To the Inhabitants of the School district in the town of Chichester qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 5th day of March 1966, at two o'clock in the afternoon, to act upon the following subjects:

1. To chose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Member of the School Board for the ensuing two years.

5. To choose a Treasurer for the ensuing year.

6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

10. To see if the district will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the district under said federal act for such particular projects as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

11. To transact any other business which may legally come before said meeting.

Given under our hands at said Chichester this 3rd day of February 1966.

REPORT OF CHICHESTER SCHOOL BOARD
1965-1966

Your school board has been faithfully concerned with its two primary obligations — to provide the best possible education for Chichester children and to do this at the lowest possible cost to the Chichester taxpayer. Due to a misunderstanding between the State Board of Education and the Legislature, the item of state aid to the twenty neediest towns was omitted from the 1965 State budget. The Chairman of your school board immediately got to work on charts and figures and with the help of Mr. MacCleery, a letter was sent out from the Chichester School Board to the school board members of the other "twenty neediest towns" and to key members of the Legislature asking their support of the inclusion of this item in the budget. It was subsequently voted. As a result, Chichester will receive $3282 in state aid in 1966-67 and a similar amount in 1967-68. This will mean a saving in the Chichester tax rate of approximately $2.50 in each of those two years.

In December 1965 the Concord Board of Education adopted a new policy regarding tuition students. As a result, no new pupils from Chichester wll be accepted next September. Those presently enrolled will be permitted to continue through graduation. The tuition rate at Concord was $485. in 1964-65; $570. in 1965-66; and the rate set for 1966-67 is $660. Arrangements have been made for pupils graduating in June 1966 to go to the Pittsfield High School or to Pembroke Academy, according to their choice.

This year, for the first time, there is a separate classroom and a teacher for each of the eight grades in the school and team teaching in the 7th and 8th grades. There is a new principal, Mr. Richard Fowler, who attends all meetings of the school board, as does the Superintendent. There are four new teachers. Your

school board believes that the standard of teaching has improved this year due, in part, to the increased supervision and counselling of the Superintendent, Mr. Raymond Morton. Purchase of new text books in science and modern mathematics has made it possible to upgrade the programs in those subjects. Special instruction in penmanship has been added to the curriculum in all grades. It is regrettable that, in spite of the cooperation of other school districts, efforts to engage a part-time music teacher were unsuccessful. However, Mrs. Moody (who teaches in the 7th and 8th grades) very generously and ably coached the 7th and 8th grades in vocal music.

The 8th grade class room has been furnished with desks, chairs and cabinets. The TV reception at the school is undergoing improvement so that full advantage can be taken of the educational programs from WENH Channel 11 at Durham. This will entail hooking up the two new 7th and 8th grade classrooms and replacing the antennae connections to the other classrooms. The school library is steadily increasing in usefulness due to the interest and assistance of the school staff, the library aides and the Parent Teachers Association. The Kitchen has been improved with enclosed shelf space and a new mixer. A new range is under study by Mrs. Jones and will be installed as soon as arrangements are completed.

The new heating plant, which burns No. 4 fuel oil suggested by Mr. MacCleery, is able to heat the school with its two additional classrooms at no higher cost than for the smaller area of previous years. After a thorough investigation by the school board, the present septic tank was found to be in good condition and of adequate size for the present school if the drainage fields were further extended. The old kitchen was connected up to the septic tank but the new kitchen has a drainage system of its own. It is recommended that if

the school is further enlarged that an additional septic tank and drainage fields be constructed in another area. So the present septic tank has been cleaned and renovated and the drainage fields renewed and extended as far as the present area between the school and road permits. The new driveway has been graded and paved, part of the previous driveway has been resurfaced, and an adequate parking area and spaces around the doorways have been paved.

Mr. Elliott, the school custodian, has been very helpful in cutting costs by undertaking tasks that would have been more expensive if done by outside labor.

The new budget carries an increased amount for school transportation to compensate Mr. and Mrs. Ricker for the substantially higher number of pupils which they transport with such care and efficiency.

The Chairman and Mrs. Jones wish to include in this report a tribute to Mr. Russell MacCleery who is resigning two years before his term expires because he has accepted a position of great responsibility and prestige in Detroit with the Automobile Manufacturers Association. He has served on the school board for the past seven years and his vision, wise judgment and wide business experience will be greatly missed.

AUDITOR'S CERTIFICATE

I have audited the books, vouchers, bank statements and other financial records of the treasurer of the school district of Chichester for the year ending June 30, 1965.

I have also audited the financial records of the treasurer of the school lunch program.

In both instances I have found the records to be properly kept, and in my opinion are correct.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chichester:

At the beginning of this school year the Chichester Elementary School opened its doors to approximately 181 pupils. For the first time there was a classroom and teacher for each grade. With the present school plant there should be no need for combining grades in the next few years.

This represents a very definite achievement on the part of the School Board and the community. With one grade per teacher it is possible to accomplish more with each grade, thus giving every pupil a more adequate preparation for the work of the next grade, and eventually for high school.

The new "Guide Lines for Elementary Schools", soon to be issued by the State Department of Education makes a strong recommendation for one teacher per grade in every elementary school. In fact, future building programs for elementary schools must meet this objective in order to qualify for State building aid.

We are fortunate to achieve this goal before many other schools in New Hampshire. It is also worthy of note that the Board and Building Committee planned for library facilities. Such facilities are recommended strongly in the Guide Lines for Elementary Schools. It is realized that adequate reference and reading materials add to the effectiveness of teaching and learning.

The Parent Teachers Association is to be commended for its work in this area, and for its assistance in the purchase of science materials and equipment.

This year the School Board authorized the introduction of the Rinehart handwriting system in all grades of the school. This system, through systematic instruc-

tion in all phases of handwriting, plus continual emphasis upon good, clear, legible writing, has already done much to improve the writing of pupils in the school.

I am pleased to have been involved in another year of progress and development with the Chichester School District.

REPORT OF THE CHICHESTER PLANNING BOARD — 1966

During the past year the Chichester Planning Board has participated in several activities relating to the improvement of the Town. Meetings have been held to plan the development of the Carpenter Memorial Park. Your Chairman has attended several state and regional meetings to obtain additional information helpful to the Board. These have included the annual and quarterly meetings of the New Hampshire Municipal Association, tri-county meetings and tours of the County Rural Area Development Committees, and meetings of the Merrimack Valley Regional Association.

At the request of our Board, Representative Henry Stevens of Epsom introduced legislation to classify the Suncook River from Pittsfield to Suncook as a stream suitable for swimming and fishing. Your Chairman appeared at two legislative hearings, testifying in favor of the bill which was eventually passed by the Legislature. Support for the legislation came from many persons and groups between Pittsfield and Suncook. Passage of the legislation should have the effect of speeding up the day when Pittsfield will install a sewerage disposal unit so that it will no longer be necessary to dump raw sewerage into the river, thereby contaminating it, which practice for years has contaminated the water flowing through Chichester. The initial step in this direction was taken at the 1965 Town Meeting of Pittsfield when authorization was given for a preliminary engineering study for a sewerage disposal system. The study is currently under way.

Another Act passed by the Legislature last year authorized the establishment of conservation commissions in New Hampshire towns. Such commissions have the authority to purchase or receive grants of land which may be set aside for the development of the town's

natural resources. Dunbarton has had a very fine experience through such an activity in the development of a town forest. The Town of Chichester owns some acreage which could be developed into more valuable land for the Town through the carrying out of good forestry practices. Your Planning Board recommends that authorization be given to the establishment of such a commission in Chichester.

In the near future sub-division regulations authorized at our last Town Meeting should be established by the Planning Board.

Much of the effort of the Board this past year has been directed toward the development of plans for the Carpenter Memorial Park and land which was left to the Town in recent years by Charles Batchelder.

The land, consisting of slightly over 50 acres, located on either side of the Bear Hill Road close to Route 28, offers several possibilities for improvement and use to the Town as a recreational area, cemetery, and source of income from forest products. Your Board has consulted with Allen Mayville, Conservationist for Merrimack County Soil Conservation District, and Wilbur Thompson, Forester for Merrimack County. We have inspected the land with these gentlemen and offer the following suggestions for improvement of the area:

1. Clean up the small field next to Bear Hill Road on the north side for parking and entrance area. This will entail the cutting of brush, plowing and seeding down the area.

2. Thin the trees in the natural bowl beyond the aforementioned field so that it may be used for a picnic area and speaking programs in connection with Old Home Day.

3. Carry out forestry practices on all of the land as recommended by the County Forester. This will include weeding, thinning, cutting out of diseased and deformed trees and pruning. Many of the products will be salable as saw logs and box wood.,
4. Decide on a site for a proposed cemetery, preferably on the south side of Bear Hill Road.

Federal aids are available for the carrying out of many of the recommended suggestions. Under the Land and Conservation Act passed two years ago by Congress, Federal money has been made available to the State of New Hampshire on a 50-50 matching basis for the development and improvement of parks such as the Carpenter Memorial Park. With such funds available, an excellent job could be done in improving the area. However, once completed it must be made available to the general public. Federal funds may also be obtained through the Merrimack County Agricultural Stabilization and Conservation Committee for the carrying out of forestry improvement practices, grass seeding, and highway beautification on areas adjacent to Bear Hill Road. The cost sharing for these practies varies, but may run in some cases to 80 per cent Federal funds.
